

# JASPRIT SINGH SANU

BCA STUDENT | DATA & AI ENTHUSIAST | PROBLEM SOLVER

✉ jasprittingshansu@gmail.com

☎ +91 9122331565

## ⚙ SKILLS

- **Technical & Analytical Skills** – data analysis, visualization, automation
- **Problem Solving** – logical thinking, debugging, optimization
- **Teamwork** – collaborative project development, cross-functional work
- **Communication** – client interaction, documentation, presentation
- **MS Office & Outlook Support** – Word, Excel, PowerPoint, Outlook
- **Programming Languages** – Python, C, PHP
- **Core Concepts** – Agentic AI, Database, Operating System (basic)

## 🔧 TOOLS

- **Automation:** N8N, Zapier
- **Data & Visualization:** Power BI, MySQL
- **Development:** VS Code
- **Version Control:** Git, GitHub
- **Others:** MS Office, Google Workspace

## 🎓 EDUCATION

**Bachelor in Computer Application (BCA)**  
CIMAGE College, Patna – Patputra University  
2023 – 2026 (Pursuing)

**Intermediate**  
MAHESHWARI ACADEMY, Katihar  
BSEB | 72%

**Matriculation**  
R K M Vidyamandir School, Katihar  
CBSE | 93%  
2019

## 📁 PROJECTS

### Loan Approval Prediction

- Built an end-to-end ML model to predict loan approval based on customer details.
- Performed data cleaning, EDA, model training and evaluation, and exported insights to SQL & Power BI.

Python | SQL | Power BI

### E-commerce Sales & Super Store Dashboard (Power BI)

- Created interactive dashboards with KPIs, slicers, and charts for sales, profit, and customer analysis.
- Helped in data-driven decision making using Power BI.

Power BI

### AI Calling Agent

- Developed an AI-based calling automation system using n8n.
- Integrated workflows for automated calling, lead handling, and data logging.

n8n | API | Automation

### GreenTrans

- Developed an AI-based platform using prompt engineering concepts to support smart transportation and eco-friendly sustainability solutions.  
Proposed features like route optimization, emission tracking, and awareness modules.

Python | Prompt Engineering

### Ambulance Management System (Academic)

- Developed a system to manage ambulance requests and availability.
- Implemented features for quick allocation, real-time tracking, and emergency handling.

PHP | MySQL | Web Development

## 🎯 CAREER OBJECTIVE

Tech-savvy and communication-focused BCA student with strong analytical, problem-solving, and customer interaction skills. Skilled in Power BI, SQL, Python, and digital tools, with the ability to adapt quickly work collaboratively and manage tasks efficiently in fast-paced environments. Seeking an opportunity to gain practical exposure in startup operations, client communication, and business growth.

## 📜 CERTIFICATES

- **Agentic AI Workshop – CIMAGE College**  
Learned AI workflows, automation and real-world applications.
- **Power BI Workshop – CIMAGE College**  
Hands-on training on data visualization and dashboard creation.

## ℹ ADDITIONAL INFORMATION

- **Languages:** English, Hindi
- **Location:** Patna, Bihar
- **Interests:** AI, Data Analytics, Automation, Open Source, Problem Solving, Tech Startups
